

Specifically, this marketing program by Wild American Shrimp, Inc. (WASI), is dedicated to securing a sustainable future for the U.S. Gulf and South Atlantic shrimp harvesting and processing industries by developing new products and implementing a quality assurance certification program that assures consumers that they are purchasing a premium product harvested from the wild in American waters. The funding will be used towards a national research and development program for new products, improved quality assurance and certification, and marketing of domestic wild shrimp from the states of North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana and Texas. This is a good use of taxpayer funding because the domestic warm water shrimp industry remains an important part of coastal communities in these states (especially in Southeastern Louisiana) and the resource is healthy and the fishery is sustainable.

As requested by me, Rep. Anh "Joseph" Cao, H.R. 2487—the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2010, provides for Boys Town, Louisiana, New Orleans, LA in support of Expansion of Boys Town Louisiana Projects project. This is in the OJP-JJ account in the amount of \$147,000. This project will benefit Boys Town of Louisiana 700 Frenchmen Street, New Orleans, LA 70116 for programs for at-risk youth. Specifically, these funds will be used to continue and expand an integration of the Boys Town Treatment Family Home program and its In-Home Family Services program to serve more at-risk girls and boys (in the juvenile justice system) and their families. It is expected that through these services, youth recidivism of criminal behavior will be greatly reduced as will the need for further out-of-home-placement, including that of a correctional or prison facility. This is a good use of taxpayer funds because these youth will be find alternative outlets to crime and will be more focused on education and other productive activities.

As requested by me, Rep. Anh "Joseph" Cao, H.R. 2487—the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2010, provides for the New Orleans Crime Coalition/New Orleans Business in New Orleans, LA in support of the New Orleans Crime Coalition. This is in the OJP-JJ account in the amount of \$1,500,000. This project will benefit the New Orleans Crime Coalition New Orleans Business Council 1615 Poydras Street, Suite 986 for their comprehensive crime efforts. Specifically, the New Orleans area was devastated by Hurricane Katrina in 2005 and severely damaged again in 2008 by Hurricane Gustav. Crime—especially the murder rate—in the city continues to rise, and travelers to and residents of New Orleans are beginning to lose faith in the public safety of the city. For a city that depends on tourism and business travel, this would be devastating to the economy. The requested funding will provide much-needed crime fighting tools, resources, and infrastructure to help the community take back the streets in the struggle for post-Katrina recovery in New Orleans. Specifically, this funding will comprise elements of any or all of the following: additional staff for the New Orleans Police Department; D.A./Prosecutorial support; Juvenile Justice services, including training and day center facilities; additional Drug Court programs; and, additional staff for the Orleans Parish Public De-

fenders office. This is a valuable use of taxpayer funding because New Orleans is historically, economically, and culturally valuable to the United States, and assuring public safety is critical to maintaining the health of the city.

Legal Name of Requesting Entity: City of Maryville, 404 W. Broadway Avenue, Maryville, TN 37801.

Description of Request: This funding will be used to allow public safety and public works departments to co-function on the same network and would also allow these departments to communicate directly in an emergency with one another without interference from other users.

INTRODUCTION OF THE IMPROVING ACCESS TO CLINICAL TRIALS ACT OF 2009

HON. EDWARD J. MARKEY

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Monday, June 15, 2009

Mr. MARKEY of Massachusetts. Madam Speaker, I rise today to introduce the Improving Access to Clinical Trials Act. I would like to thank my colleague and fellow co-chair of the bipartisan Cystic Fibrosis Caucus, Mr. CLIFF STEARNS of Florida, for working with me on this important legislation.

Approximately 30,000 children and adults in the United States have cystic fibrosis, a life-threatening genetic lung disease for which there is no cure. In my home state of Massachusetts, nearly 800 families are affected by this horrible disease.

In the three years since we founded the bipartisan Congressional Cystic Fibrosis Caucus, I am proud to say that we have steadily increased the Caucus' membership and currently have 138 members, many of whom are joining us today as original cosponsors of this important bill.

Cystic fibrosis affects parents, who awaken in the middle of the night so they can pound on their child's chest to clear the abnormally thick, sticky mucus that makes breathing difficult. It affects their children, who cough and wheeze and are at constant risk for life-threatening lung infections. And it affects their loved ones, who want the child to have a healthy life but have to worry about the unpleasant alternative of a shortened life expectancy marked by frequent visits to the hospital.
